GPS Mission Statement

The GPS Club exists to promote and foster excellence and enjoyment in the "running game" of Rugby football and, in so doing, assist the progress of members along the broader pathway of life.

In pursuit of the mission, we will actively promote the following values: developing the whole person, respecting individual and group responsibilities, upholding the standards of a responsible community organisation and catering for the needs of players at all levels.

GPS Rugby Brief History

GPS Rugby is the successor in name to GPS Old Boys Rugby Club and to the Past Grammar School Football Club and it is the oldest surviving Rugby Club in Queensland and one of the oldest Rugby Clubs in Australia. The Club was officially formed in 1887 and consisted of a combination of both past and present Brisbane Grammar School players although a number of them represented Queensland as Past Grammar players in 1885 and 1886.

In 1889 the Past Grammar School Football Club was established as a separate identity distinct from the old side with its mix of past and present players. The Club was formalised at a meeting held on the 5th March 1891 and Mr. R.H. Roe, the Headmaster of Brisbane Grammar School was elected as President. Sir Charles Lilley and Sir Samuel Griffith, among others, were elected as Vice Presidents. It was decided that the Club colours would be red and white. Rugby was not played in Queensland from 1916 until reintroduced in 1928 when, under a new name, the BGS Old Boys' Rugby Union Football Club again took its place in the Brisbane competition.

In 1930 the constitution of the Club was changed to allow past students from the other GPS schools to become members and although the name was retained that year it was later changed to GPS Old Boys' Rugby Club and it played in green and blue colours for the first time in the 1931 season. Later the constitution was again changed and membership of the club made unrestricted.

Fifty of the Club's members have played for Australia and over 200 have played for Queensland. Seven have captained Australian senior teams, two the Australian sevens team and one has represented and captained England and another Scotland.

Ashgrove GPS Junior Rugby Club was formed from the Ashgrove Emus Club in 1984 when it affiliated with GPS Old Boys after that club moved from Finsbury Park to Ashgrove Sports Ground. It quickly grew to be the largest Junior Club in Brisbane winning the QJRU President's trophy for the most successful club on a number of occasions.

In 2014 GPS Old Boys Rugby Club amalgamated with Ashgrove GPS Junior Rugby Club to form GPS Rugby Club making it the largest club in Australia with almost 1500 players. In 2018 the Amalgamated club won its first premiership and in 2019 won the Australian Club Championship.

Benedict Byrne	Bachelor of International Business QUT
Benjamin Geraghty	Bachelor of Physiotherapy
Lachlan Howse	Bachelor of Construction Management (Honours)
Tevita Kaituu	Bachelor of Pharmacy
Campbell Mollor	Apprentice Builder

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

First XV Partners

The GPS Rugby community acknowledges the contribution of the following companies which allows the Club to attract players of quality who will stay and grow with the Club whilst developing and maturing into representative players.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

President's Report

It is a pleasure to present my 2021 Year Annual Report for GPS Rugby Union Club Inc.

I'd like to thank you all for your contribution to this year's success which at times had its disruptions caused by Covid but certainly not as difficult as 2020. Notwithstanding challenges the Club pulled together and managed to undertake a season both for Juniors and Seniors. I thank all those who assisted in making this happen.

Rugby

We fielded 10 **senior** teams, participated in 6 semi-finals, 4 grand finals and winning Colts 1 and 4th Grade. Our Women's team were Minor Premiers and no doubt not far away from a Grand Final win. A special thanks to Stephen Meehan who came on as our Director of Rugby for 2021. We certainly saw the contribution that he made to all levels of coach across the Club and look forward to further improvement here in 2022. To our Senior Coaches and Managers – thanks for an outstanding year.

The Club can certainly build on this going into 2022. We finished equal 3rd in the Doughty Shield for overall club performance up from 5th in 2020. We last won the shield in 2008 and certainly a Club goal for us to achieve in coming years.

Our juniors fielded some 58 teams in 2021 with some 1010 players. We were Finalists: U13 Blue, U13 Green, U14 Blue, U14 Green, U15 Blue, and U16 Blue and Grand Finals: U16 Blue (Runners Up)

It was great to see our All Abilities and Girls Touch programs back up and running after a year off due to COVID-19 in 2020. These programs continue to grow year on year and are important part of our Juniors. We are pleased to now have a Junior Girls 7's program, where we had two teams (U14's and U16's) while our U12 players joined the Albany Creek Brumbies. Looking forward to the GPS Girls program continuing to grow and develop. Our Friday night Pony Club program almost doubled in size to over 80 players, which will be great for our under 6's moving forward.

The club after our first year's success in Colts will be continuing with "The GPS Rugby Scholarship" for 2022. The scholarship is designed to support outstanding new and continuing players 18 to 20 who have demonstrated exceptional ability in rugby to combine a tertiary/trade education with high performance sport. There will be up to five Scholarships of \$4,000 p.a. awarded based on the yearly available funding.

I'd like to thank all coaching Staff in seniors and juniors for all the hard work to make the season an enjoyable one for all. It is important that we as a club deliver a consistent and well planned out program of skills development and enjoyment.

Sponsorship.

A Club our size would not operate without the generous support of our sponsors. A special thanks goes out to our Sponsors for 2021, particularly to **Ken Baker** and **Height for Hire** for being our principle sponsor for 2021.

Also, our Major Sponsors for 2021 – **McDonald's Newmarket, Midas Ashgrove, Meat at Billy's, XXXX, New Balance and Witches Falls Winery**. Thanks also to our First XV, junior and other sponsors mentioned in this report.

Finances

The club continues to be run in a fiscally responsible manner and from the Treasurer's report we remain in a sound financial position.

The Net Profit was certainly assisted by:

- A strong on field performance reflected in Canteen and Merchandise;
- The bequest to the club of \$100,000 from the late Bob Armstrong; and
- \$240,000 Grant from the State Government to undertake the preliminary of the Club Redevelopment. It should be noted that some \$2,160,000 will flow through the Profit and Loss from State Government in undertaking our Club Redevelopment.

Volunteers

A club of our size relies heavily on the volunteers which makes it the successful community club that it is. A very special thanks to those who gave up their time this year. The support from volunteers with coaching, managing, assisting with ground set up, working behind the canteen or bar, and assisting with functions and events has contributed to a successful season.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Staff

The Club's employees put in a tremendous amount of time and effort during the Rugby season. A very special thanks to Anthony Herbert our CEO who puts in an enormous amount of time and effort to see the club excel and continues to improve the experience at the club. Matt Muller – operations manager, and Colleen Murphy – Office Manager all of whom have put in a massive effort in 2021.

Facilities

I am pleased to confirm that Clubhouse Redevelopment will be underway in the 2022 season covering the following scope of works:

- 2 new Female Change Rooms dedicated to women players and meeting ARU standards
- Replacement Gym for strength and conditioning training
- First Aid/Medical Room
- Referees Dressing Room
- Replacement merchandise store and administration offices
- Significant refurbishment of the community hall and public space around the existing main building.

We were successful in securing the lease on the old Ashgrove Bowls Club and will reside there while building works take place at the club.

A reminder that the Club has a foundation established which now enables tax deductible donations to be made. All funds are used to fund facility improvements. Below is the link to the foundation page.

<https://asf.org.au/projects/gps-rugby-club/>

Supporters

To our members, you are regarded the best in the Brisbane Club Rugby scene. This is acknowledged by other clubs when we travel to play away, and our home game set up is the envy of all. The final series again saw large numbers of supporters travel to Suncorp Stadium to support our teams. Clubs enjoy travelling to Ashgrove and do comment on the standard of home game that we put on. Thank you all for your support, enjoy the off season and we hope to see you all for the commencement of 2022.

Community

The club has a history of contributing back to the community. In 2021 we continued through our Charity Day to raise funds for Ronald McDonald house who help families of hospitalised children.

Events and Functions

The club held numerous and well attended functions during the year. We were able to hold our pre-test lunch and Ladies day back-to-back this year on the fields and under the Marquee which was a great success. We hosted the Annual Golf Day at Keperra Country Club which was a great success and will have a Picnic Race Day on the 30th October to finish off the year.

Committee

In concluding I would like to thank our 2021 Committee Liza Hammond – Club Secretary, David Orr – Club Treasurer, Darren Dowse, Paul Stone, Ben Whitten, and Jason Raft. A special thanks to the ongoing support of Rob Melloy.

It is a pleasure to serve this great club and we look forward to seeing you all for 2022.

A very special thanks to my wife Kelly!

Michael Taylor
President

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Rugby Report

GPS fielded 6 Opens teams, 1 Women's team and 3 Colts teams in 2021. We had a mixture of coaches who continued from the 2020 season and several coaches gratifyingly returned to GPS in 2021. The same could be said for team managers, some continuing and others returning having managed before or who had transitioned from playing. Before the players arrived, the coaches sat together and listened to our Premier Grade coaches, Shane Arnold and Elia Tuqiri share their playing strategy and principles with the coaches. We developed a theme, "Speed and Skill before Structure" allowing players to develop their rugby playing skills first rather than how they fit into a system-based game. This reflects the very essence of the Gallopers.

Once preseason began it was evident the coaches had taken on this approach and the amount of ball in play time at training was far higher than had been witnessed in the past and the overall alignment of the club was very strong. The players may not have always enjoyed it, but the work Kieran Maguire and his team of Strength and Conditioning Coaches did here was incredibly valuable. There was also a period of adaptation from the coaches, they had been provided with a theme, principle and style, now that had to transfer that onto the field. They did so particularly well and whilst at times it was tempting to revert to system-based training it was very pleasing to see them try and push through this new approach. The players responded well to the change, numbers consistently attending training were high and enthusiastic.

When they trials began you could see the benefits of the change in approach and all teams performed well through this period, we looked fitter and more confident and performed well. An air of confidence was developing, particularly within the Colts and this convinced our coaching team to raise the expectations and challenge all who were involved. With the trials behind us and a selection policy reintroduced we felt we had a better chance of performing well across the club and over the season this proved to be correct. Our Premier Grade, 3rd Grade, 4th Grade, Women's Premier Grade and Colts 1 teams all made the finals (arguably we should have had Reserve Grade in as well). To further demonstrate our improvement as a club our Premier Grade, 4th Grade, Women's Premier Grade and Colts 1 all played the Grand Final with our 4th Grade and Colts 1 winning their flags. Congratulations to coaches Chris Jenkins and Nick Scott, team manager Michael Warman and the payers of 4th Grade and to coaches Sio Kite and Lewis Torkington, team manager Mutch Kite and the Colts 1 members. The Women's team members and the club are very grateful to team manager Tasha Slade and coaches Kieran Johnson and Brent Ranger-Mitchell who came forward in the middle of the season and help them reach the Grand Final. From a club championship perspective, the improvement is even more dramatic when you consider that in 2020 club champions scored 247 points and we finished 5th with 170. In 2021 first finished on 374 points and we moved to 3rd on 363. We closed the gap significantly and we now can confidently share the goal of securing the Dougherty Shield in 2022.

2021 provided a great opportunity for junior rugby to start again after the disappointing season of 2020. We are so fortunate to have so many knowledgeable and experienced people coaching and managing our teams that we must tap into this valuable resource more frequently. We can learn so much from one another that we should be the envy of all clubs in Brisbane (at least). We do have an age-based program available, and we will be encouraging greater use of this valuable tool in the future. It was pleasing to witness junior teams follow the "Speed and Skill before Structure" model along with a play and learn approach. Whilst it does take time for the players to learn through this method, once they reach a certain point of understanding, they take off at a far greater rate than traditional coaching methods. This demonstrates why we are here, it for the players, the boys and girls and it is our responsibility to provide them the best experience we can. It IS about them.

Of course, it is not possible to have such an amazing club without the efforts of all the volunteers, coaches and managers looking after the teams and the individuals. So, whatever your role or whatever assistance you provide, it is very much appreciated by one and all. The support people show one another has always been a feature of an enjoyable and successful club and is reflected in the atmosphere of a Friday night, which is brilliant and long may it continue. The governance of GPS Rugby Club is in good hands, our President Michael Taylor quietly oversees the development of the club in many ways and supported by a committee willing to devote the hours required and assist wherever possible. The administrative staff are far more than that, General Manager Anthony Herbert, Junior Coordinator Matt Muller and Office/Finance Manager Colleen Murphy turn their attention to all matters that require attending to and do a great job of it.

Finally, it is time to mention a member of this club who works tirelessly throughout the season, Bridget Meka. People with her energy and commitment are hard to find and all the members of the club who are involved with Bridget truly appreciate her efforts. The club which we all enjoy could not be this way without their significant efforts.

Steven Meehan
Director of Rugby

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Junior Rugby Report

In 2021, GPS had 1008 junior rugby participants spanning across 58 teams and various junior programs in 2021. The junior club is continuing its growth in our existing programs as well as implementing new programs such as our Girls 7's.

Junior Touch and XV's

Another fantastic year on and off the field for the Junior Touch and XV teams. All players and coaches are a credit to themselves and the club in how they represented GPS Rugby Club. Thanks to all coaches, managers and supporters for your help throughout the season volunteering your time to make the year run as smoothly as possible and yet another great season at GPS Rugby Club.

Well done to the following junior teams that made the finals!

Finalists: U13 Blue, U13 Green, U14 Blue, U14 Green, U15 Blue and U16 Blue

Grand Finals: U16 Blue (Runners Up)

Congratulations to this year's Junior representative players!

U12 BJRU : Aydin Gribble, Jeremiah Kite

U13 BJRU: Visiseo Kite (Brisbane Merit), Matthew Pegg (Brisbane Merit), Patrick Travers.

U14 BJRU: Joshua Deal (Brisbane Merit), Harvey Brand (Brisbane Merit), Xavier Tabuteau (Brisbane Merit), Joseph Cervetto, Nate Roberts

U15 School State Championship: Elliot Aldridge – Met North, Bailey Caplick – Met North, Vincent Kite – Met East

U16 Queensland Squad: Patrick Tierney, Harry Gould

Pony Club Program

Our Pony Club program (for U5's) almost doubled in participants this year. It's fantastic to see so many young boys and girls getting into the game at a young age, and we hope to see them progress further through the junior club in the coming years. Thanks to coach Emily Hall and her support staff for running fantastic sessions every Friday night!

Girls Program

We are pleased to now have a Junior Girls 7's program, where we had two teams (U14's and U16's) while our U12 players joined the Albany Creek Brumbies in a Barbarians. It was fantastic to see all the young players turn up every week keen to learn and get better. Looking forward to GPS Girls program continuing to grow and develop.

Our Girls Touch program ran during Terms 2 and 3 after having 2020 off due to COVID-19. This program had fantastic numbers and will only get bigger and better. A huge thank you to dads Zane Hilton and Ben McGahon for helping coordinate the program this year, they were a massive help.

All Abilities Program

After having 2020 off due to COVID, the GPS All Abilities program resumed with a bang this year. Coordinators Sarah Meka and Holly Mead continue to grow and improve this program that caters for children with a range of learning, social and sensory needs. It focuses on providing positive social interactions for these children as well as building motor strength, coordination, ball handling and language skills in a supportive team environment, whilst also providing them with a connection to GPS and the wider community. Thanks to Sarah, Holly and all the support staff and players for your commitment to this program. Looking forward to seeing this fantastic program continue to grow!

I am looking forward to seeing you all back at the club next year to build off a successful 2021 season!

Matt Muller

Junior Rugby and Operations Coordinator

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

First (Premier) Grade

Coaches: Shane Arnold, Elia Tuqiri, Paul Brown (Backs) David Paice (Forwards) **Trainers:** Kieran Maguire, Tim Richards, Nick Churvan. **Physiotherapy:** Andrew Vetter. **Managers:** John Richards and Brogan Melit.

The GPS Rugby Club Premier Grade Team finished second in the minor premierships for season 2021 and runners up at the end of the finals series, losing the grand final to University of Queensland 29 points to 12. The team lost only one game in the regular season, to the eventual winners, but in winning the round 2 clash against University secured both the Welsby Cup and the Bunter Bowl (second season in a row) for the club.

The Covid-19 pandemic robbed the competition of its last two rounds, and one semi-final, but no one would argue that the best two teams for the year contested the grand final. Despite the agony of losing the grand final the team can be very happy with their 2021 performance. Former coaches Shane Arnold and Elia Tuqiri came into the club after a long time away, and the team finished ahead of seasons 2019 and 2020 where they were defeated in the semi-finals.

The season also saw the emergence of considerable talent from the Colts team, which will assist the side as season 2022 approaches. Floyd Aubrey debuted for the team against Bond University and Bas Ward and Cullin Cooper-Jones were valuable substitutes throughout the year. Cullin has the distinction of playing in 2 grand finals on Suncorp Stadium in one day and is a young player brimming with talent.

The season highlights were the second-round clash against University of Queensland and the semi-final victory over Wests after the final whistle in a home semi-final for the ages. While the team would have benefitted from a major semi-final hit out all teams battled with the conditions the health pandemic brought and ultimately, they came up short when it mattered.

Congratulations on international representative honours to Jethro Felemi (Tonga), A J Alatimu (Samoa) and Teti Tela (Fiji), and also to Teti (Fijian Drua) and Emosi Tuqiri (Melbourne Rebels) on securing full super rugby contracts in 2022. Special mention must go to the enormous amount of work undertaken by head coaches Shane Arnold and Elia Tuqiri. The team enjoyed immensely their coaching style and attention to detail, and it showed in how they performed on the field. They were greatly assisted by Paul Brown and David Paice who specialised in back and forward play respectively. Trainer Kieran Maguire from Science of Fitness again supported the team very professionally and his dedication to the team along with physiotherapist Andrew Vetter goes well beyond what is normally expected.

In a very successful and enjoyable year special thanks to Anthony Herbert and his team at the club. Anthony goes well beyond what is expected of a general manager to provide assistance to the team. Matt Muller also provided much support, and the team thanks him. To Club President Michael Taylor and his Management Committee, as well as Rob Melloy, we say a sincere thank you for the support given to the team.

The team would like to pay tribute to the fans and club members for making their 2021 season so memorable. Not only the grand final day numbers at Suncorp Stadium, but also the great home game support, and times they follow the team when playing away. The support is noticed and not taken for granted. To the players, many congratulations on a great season, your hard work and dedication are appreciated.

Finally, we congratulate Fred Burke on his milestone early in the year in being awarded his 100 A Grade games cap, a great achievement for a great asset to the team and club.

We look forward to season 2022.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Second (Reserve) Grade

Coach: John Gabbett, Nigel Hogan **Manager:** Scott Grinstead, Gerry Streek

After missing the finals in 2020, the reserve grade team of 2021 did not have the start of the season go to plan. With 3 consecutive losses, it would be an uphill battle to be in finals contention with the quality of competition each week.

Despite this slow start, the team's motivation and commitment did not waver and with a string of wins, were back in the hunt. A round 7 show down with University of QLD, sitting atop the ladder, would show the rest of the competition what the GPS second side team could produce with a resounding 42-28 win at home.

Although second grade fell short of a finals birth, that was rightly deserved, it was clear that the 2021 team, on their day, could match it with any team in the competition. The team played a style of rugby that would make any old boy proud to watch, not to mention a clean sweep of Brothers.

To the reserve grade team 2021, while the end of the season didn't go to plan, congratulations on being a resilient team who never gave up in any game. You certainly proved yourself to be a top team, despite what official results will state.

Thank you to the GPS committee for your continued support in 2021. As a team, we would like to thank all members and supporters who turned up every week and filled the stands. There truly is nothing like the support at a GPS home game. Finally, and most importantly, thank you to John, Nigel, Scott, and the countless volunteers for their efforts. It certainly didn't go unnoticed by the playing group.

I have no doubt the team of 2022 will be back with a point to prove.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Third Grade

Coaches: Corey Trudgen and Ollie McCall, **Managers:** – Zac Guthrie

The 2021 season started in early January and the numbers that turned up during preseason gave us all confidence of a strong year ahead for the lower grades. All players brought into the culture that we instilled by having the entire playing group in a squad so that all players benefited from an experienced bunch of coaches and support staff.

We went into our first trail against UQ on a very hot March midday and the boys took their training form into this match with the continual development of combinations and structures. 3rd grade along with 4th grade then had the honour of representing GPS with a weekend trip away to Dalby. The development and comradery between the 3rd and 4th grade sides grew following both impressive wins against the Wheatmen and the after dark activities that were had. We truly hope that GPS will keep this opportunity going for many years to continue building relationships between both clubs. Our final trail was against Brothers and with another convincing display we went into the regular season with a lot of confidence.

During the season we experienced a lot of highs and lows and finished the regular season with 9 wins, 3 draws (2 due to cancelled rounds) and 4 losses which put us in 4th place on the ladder which did allow us to play finals rugby. We had some good performances against Easts in round 3 and round 12, Bond in round 5 and 14, UQ in round 7 and Wests in round 17, however the one side that had the number on us all season was Souths who in the end defeated us 33 to 14 in the semi-final.

The most pleasing part of the 2021 season was how the entire squad of 3rd and 4th grade players came together and played for each other. There was a lot of movement into and out of 3rd grade with a total of 54 players playing some game time in 3rd grade throughout the 2021 season. The average age of the 3rd grade players was 23 and the development of this young squad throughout 2021 will hold the club in good stead for many years to come.

Due to injuries and movement of players Brendan Trudgen, Joe Kosiek and Tom Spencer all captain the side throughout the season, however the player that really became the heart and leader of our side was backrower turned inside centre Conor Cowhig. We would love to name everyone, but a special mention goes to Rhys Wilson-Hodge, Tom Dangerfield, Dalton Cox, Hamish Trudgen and Hayden Ryan who played every match for 3rd grade in 2021. I would personally like to thank all the players in 3rd grade and the lower squads for buying into what we were trying to build, and we believe that the successes we had throughout 2021 was due to the culture that we established together.

I would like to thank Steve Meehan for his direction and support, Matt Muller and Alex Notting for support on game day and all the injured players who ran water on game days. It was very enjoyable to work with Chris Jenkins and Nick Scott as I believe that we worked extremely well together and collectively brought the most out of the playing group. Congratulations on your 4th grade premiership you and your team deserve it.

Finally, I would like to thank Ollie McCall and Zac Guthrie for your support, friendship and what you individually brought to 3rd grade throughout 2021. It was a real pleasure working with you and I know that your efforts were a big part of the success of our side.

Thanks to all the players that were involved in the lower grades throughout 2021. You are a remarkable group of men and what make GPS such a great club. Make sure you all come back and get around each other in 2022 and I will look forward to seeing you take the field again.

All the best

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Fourth Grade

Coaches: Chris Jenkins, Nick Scott **Manager:** Michael Warman

Off the back of the shortened 2020 competition, 2021 was a season that was met with promise and enthusiasm. Coaches and players alike were heading into the year with great anticipation for what lay ahead, namely being a return to a full competitive season (normality) as well as the inception of a new Director of Rugby in Steve Meehan.

Both were exciting prospects to new and old figures returning to the club, and the potential of a DOR in arm's length was a terrific pathway for growth in both a playing and coaching capacity.

As coaches, fourth grade brought a set of challenges from previous seasons. Building from the success of the 2020 team was one and developing a plan to challenge other clubs in what was one of the most competitive grades was the other. Therefore, the strategy for the season revolved around developing a squad that was skilful, mobile, and built on a pragmatic culture where players could think linearly together and enjoy playing alongside one another. This relied on developing the immediate players, but also providing a pathway for 5th Grade players to step up and get comfortable competing at a higher level.

Riley Bygraves, Matt Dangerfield, Jack Meehan, Vili Radrodoro and Louis Retzlaff Chan-Tung really drove this sentiment within the team, and it set the foundations for what was a successful and enduring season. The team was able to play fast, attacking rugby that was smart and worked with the notion of playing eyes up, being communicative across the park and always seeking to apply pressure. This was reflected in a For and Against of 415 to 282 across the season, although our defensive woes showed at times, averaging 29.64 points a game and conceding 20.14 on return, a number we were consciously wary of. Fortunately, it never got away from us and the highest margin across our four losses was by 7 points or less.

Defensive pillars that played a significant role throughout the season included Matt Dangerfield, Jack Cuneo and Jacob Heinke. Jack was well renowned in the playing circle for his defensive capabilities, and it is fair to say that the season would not have been what it was without his contributions. Time and again he made dominant tackles, jackals and for a soft-spoken person, was a figurehead in driving the team's confidence and determination. Jacob and Matt, as recently graduated Colts, showed maturity and eagerness beyond their years with strong carries, effective chops, and a boundless work rate.

The maturity of the players over the season was what we as a coaching group were most proud of. An amalgamation of seasoned players and graduated Colts brought a balanced mix to the attitude and direction of the team, and with an age group between 20 to 28, this youthful experience will hold the club in good stead for many years to come. Special mention goes out to Nick Scott (Coach) and Michael Warman (Team Manager), who spearheaded the direction and operations of the team throughout the season. They set a terrific standard within the forwards which was the foundations for our success. In addition, Bridget Meka was always a delight to see on Saturday's and her contributions as physio throughout the week was incredibly appreciated.

On a final note, this season has been incredibly enjoyable, and I hope the club will only build from here. The depth and volume of talent that is coming through in the lower grades is extraordinary, and I expect that this will only push more teams to higher honours, and more players are rewarded with caps at the next level. It is a joy to see that GPS is building sturdy foundations for success and I look forward to seeing this translate in the seasons to come.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Fifth Grade

Coaches: Zachary Russell-Sharman, Brendan Hood. **Manager:** Marshall Tighe

.5th Grades goal this year was to have as many players be promoted to higher honours and for those involved to play more rugby. We also sought to develop the skill level of each individual to enable a more exciting brand of rugby.

With one of our best preseasons to date the season started strong with a narrow loss to Souths (eventual grand finalists) with a try on the buzzer in an exciting high scoring game. Following this we built our momentum by securing a strong win over both Easts and Sunnybank.

Due to the lack of teams in the 5th grade comp this year we were plagued by 2 byes in a row. This provided many of our team members the opportunity to play fresh for 4th grade and support our 6th grade Friday night team whom both ended up competing in the finals. During the next month's mainly due to injuries, the club saw a drop in the number of props available which meant due to the new rugby laws if a team does not contest scrums during the match they had the choice, lose 2 competition points or play with 14 men should you go uncontested scrums during the match. This allowed us to work hand in hand with the club scrum doctors to develop new props who would not have thought or considered themselves specialists before the opportunity to learn "the dark arts". GPS set piece is at the forefront of what other clubs fear, so we battled against both UQ and Wests with only 14 men during both games having started contested scrums and having to drop down in the 2nd half due to injuries. We came away with a 19-26 loss and 7-7 draw against what would end up being Wests as the minor premiers this year.

From here Sunnybank pulled out of the 5th grade comp and with even less games available in 5th grade this year our objective changed to support both 4th grade, and 6th grade so that more players could play more rugby this year. The back end of our season saw players performing with a pure form of resilience and passion for the game of rugby. No matter the results we had consistent numbers to training with many players seeking out extras before and after training. One of our training challenges was to win a free dinner if you kicked a goal from the sideline and it was pleasing to see not 1 but 2 of our props win a feed from this.

Overall, one of the best starts to a season and an exciting brand of rugby was cultivated throughout the season. Even with the more than usual bye games, we achieved our goal where many players were still able to play rugby almost every weekend benching or playing in 4th and 6th grade this year which supported their finals campaigns. With the new batch of colts coming through next year I believe this will add value and am very exciting to see the growth in the club.

Although 5th grade fell short of the finals this year it is clear the playing group are counting the days down before 2022 season commences. Thank you to the GPS Committee for your support in 2021, but most of all thank you to the supporters, members and volunteers.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Sixth Grade

Coaches: Dan Boddice, Nathan Shaw. **Manager:** Kim Jones

Notwithstanding the interruptions to the season this year, it was another good year for 6th grade. A good mix of old heads and young talent contributed to good success on the field as well as after the game.

A tight competition at the top of the table saw us knocked out in the semifinals, narrowly going down to a last gasp effort from Wests after we led for 69 minutes.

Overall we performed very well, with our only losses being to the eventual grand finalists Wests and Souths.

The highlight of the season was undoubtedly our final home game where the backs and forwards swapped positions and ran in 10 unanswered tries for a 60-0 win over Easts.

Thanks to all the boys, Dan Boddice for coaching and Kim Jones for managing.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Premier Women

Coaches: Steven Meehan, Brent Mitchel, Kieran Johnston **Manager:** Tasha Forsyth **Strength & Conditioning** Belynda Cheyne

After a top 2 performance in 2020 it was back to the drawing board for the GPS Women's rugby team for the new year in hopes to do one better than the Premiership Grand final loss to East Rugby Union.

2021 started off with some strong performances in the first couple of rounds. With a strong 25 registered players our player retention with past and current players helped players fight for their position.

The only 2 losses were against East and Bond Uni, but through hard work and determination our women's team heavily focused on perfecting their game plans and set piece which has helped them sit at the top of the Table for the 2021 season.

Highlight of the year was not only having the Ladies claw their way to a top of the ladder position, but they were appointed 'The 2021 Minor Premiers'. Another highlight was having rugby stalwart Hilisha Samoa come back from Maternity leave to play in the 2021 Super W Grand finale against NSW.

With Covid restrictions amongst us, a familiar final's round format is now in place which means GPS will play 4th placed Bond Uni for a spot in the Grand Final in hopes to meet the winner of Sunnybank and East. GPS, 2-1 against Bond Uni since the Sharks formed their team in 2020. Bragging rights were up for grabs and the Ladies were looking to push GPS women's rugby into only their 3rd Ever Premiership Final. And they were successful in making that Premiership appearance, at Suncorp Stadium of all places.

Not many players in our team nor players in the entire competition have had the opportunity to play at Suncorp Stadium, but our Women's team pushed through to the end. It was an eye-opening and life changing experience for most.

Unfortunately for our girls they weren't successful in obtaining the trophy this year and East took it home again, however the club has never been more proud of their hard work and determination to finish strong. They fought through constant trials and tribulations this year, from Covid regulations to coaching staff turnarounds. Through it all, our women remained resilient and put their love for the sport first.

The 2021 season had many ups and downs, but as a team they've never looked better coming into the 2022 season. It's back to the drawing board for the GPS Premier Womens Team, with hopefully a 3rd opportunity to obtain that trophy for the GPS Rugby Union Club.

Colts 1

Coaches: Sio Kite, Lewis Torkington **Manager** Mote Kite

The Colts 1 class of 2021 will deservedly be remembered as Premiership winners.

This was a no-ego team built on love and passion for the community they represented; it was made up of a healthy blend of fearless school leavers and determined returnees that took no notice of the struggles of past seasons.

This fiercely determined and tight group of players finished the regular season in 2nd place. There were some highs and lows experienced throughout the year but these young men were resilient and willing to learn from the challenges thrown at them during the year. The COVID-19 interruption following the round robin season came at a good time as it allowed the team to get healthy and prepared for their semi-final assignment against the men from Crosby Road. While the score may have told a story that made the game seem comfortable, the game was anything but as the result was only settled late in the contest. This match proved to be a valuable preparation for the challenge against Easts who had been dominant all season.

The record books will show the Gallopers got the result 34-24 at Suncorp Stadium in a highly entertainingly contest on the back of the wizardry of Bas Ward and Floyd Aubrey and the relentless physicality of Ben Geraghty, Lachlan Howse and Tevita Kaitu'u. This is a day that should live long in the memories of the players and locked in the bonds of the men forever and not just those who achieved this result not on the day but throughout the season.

Special mentions to the team captain, Ben Byrne – his leadership and play on the field was inspirational; he deservedly got the opportunity to hold the trophy aloft despite going into the game under a significant injury cloud. Thank you to our other senior colts who contributed to the cause this year – Harry Barker, Cullin Cooper-Jones, John Downes, Peter Halapio, Ben Geraghty, Tevita Kaitu'u, Bas Ward, Tom Valentine, Lachlan Jones, Ethan Clarke, Seb Leavy, Archie Marles, Josh Radford, Lachlan Tenison-Woods, Luke Fitzgerald and Hayden Jones. Best wishes to each of you on your respective rugby journeys.

Special thank you to Lewis Torkington; his work to teach and inspire the players to regularly go above themselves was amazing. His loyalty and support of the players was rewarded in a way perhaps he didn't expect at the start of the year – the program is lucky to have him involved. Gratitude also to Mote Kite for his support with the players, you did things that no one saw but they did not go unnoticed.

Thank you also to the colt's coaches and support crew, Vasco Goncalves, David Valentine, Garry Baker, Garry Rowe and Andrew Smith – your support of belief of the Colts 1 team was invaluable to this result.

Finally thank you to the GPS community for your support in 2021; these young men ran the ball like the old boys told them to and gave 'em heaps and ultimately we hope you did you proud.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Colts Two

Coaches: Vasco Gonvales, David Valentine. **Manager:** Garry Baker.

A new year and a new era. Changes to personnel to the Colts program were made and the emphasis was to bring players back down to Jeeps and enjoy playing Footy with their mates.

The Colts 2 season this year was one that was met with excitement and hope for the upcoming year. Through preseason and trials, the emphasis for Colts 2 was to create depth to not only support Colts 1 but to also be competitive in the Colts 2 comp through the season.

Although Colts 2 results were mixed through the season, as a coaching and management group, we could never question the effort or commitment from the players that represented Colts 2. We had some terrific highlights and results and some, let's just say, hard to take results. Nonetheless, the positive feedback from the players regarding their experiences was good to hear through and, at the seasons end.

This game belongs to the players. Whether it's making the challenging transition from school life to adulthood or returning 2nd/3rd year Colts just rolling back around to a Happy Place, it's all about the players. From the coaches and Manager this year Dave Valentine, Garry Baker and myself, we couldn't have had a more fun time. Every week was met with excitement and anticipation and it's all because of the players for who they are, what they do and what they bring to the environment. A special thanks to you all, the players who contributed so much and more to the Colts 2 season. A season that was thoroughly enjoyed by us all.

A special mention to the departing players who after this year, graduate to Grades footy. Some of you I have known since you started your Colts footy journey and it has been a pleasure and privilege to watch you all grow and mature as humans. I do hope you all roll around and give grades a crack next year. By my count, there were less than 10 players from 2020 that came back to play Grades this year, Let's hope the Graduating Colts of 2021 roll down in much bigger numbers in 2022.

Thanks must also go to the various Colts 2 leaders this year, namely, Brad Altman, Ben Bannister, Archie Halliday, Max Mee & Ethan Clarke. We are all thankful of your support both on and off the field, your leadership and just being all round good blokes.

Finally, Thanks Dave Val & Garry Baker, this game and club needs servants just like you both. You have made this a terrific experience and with a little luck, lets hope we can go around again next year.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Colts Three

Coaches: Garry Rowe. **Manager:** Andrew Smith.

2021 has been a season that whilst the results may not have gone our way the effort and enjoyment got better and better each week for the Colts 3 team.

We had over 43 young men play for colts 3 throughout the season and in the week of the last bye round when given the option of not training the boys voted to train. At our last training session before our last game we had 33 players at training and 4 apologies. That is a great testament to the commitment by this group of men.

The team can take great satisfaction of the level of improvement as a whole team over the season. The highlight was no doubt what was in the end our final Game of the season and the magnificent win against West. To finish with 13 boys on the field and prove our doubters wrong is something these boys should never forget. The boys finally got to experience the joy of singing the Jeeps "we are the Finsbury girls" winning song.

Thank you to our Captain Rory Barnes and our Vice Captain Oliver Smith who both lead from the front all season. We would also like to mention contributions by Harry Ling our half back who took on a leadership role and was very supportive of the younger boys. Charlie Kettel who played the most game time throughout the season and consistently gave his all. To name but a few, Kolby Bailey "does he never not smile", Matt "the hitman" Damm, Ethan "the red head" Rayn (one of our junior colts playing up) who was a winger yet was happy to play in the forwards against brothers, to Murphy Row for his encouraging of all players from the side line, to Harry "wheels" Logan (the 2nd best try all season against UQ – The best try was the push over scrum try against West, well done forwards), to Hayden "the Sheriff" Jones, who manages to get knocked out on the kick off and yet not drop the ball. Against West he also played in all 3 colts games on the day. Great effort. To the Waugh Boys, Will and Alex. We can see them playing many years together as a front row partnership. To Matt Hogarth our best defensive back. To Max "GPS in your cheeks" Chandler. Still trying to work out how he does not 1 but 2 air swings trying to kick for touch.

There are many other boys that could be mentioned but the great thing was everyone contributed and made us laugh through out the season. Thank you all. It made it easy as coaches to come to training each week and see the enthusiasm from you all and put up with us 2 old farts.

Finally, a special thank you to Jordan Coombes, who was also the Colts Captain and lead by example both on and off the field all year. A true Jeeps club man.

To the boys finishing their time in Colts we thank you for your contribution and wish you all the best for those continuing to play on in grades next year. For those boys that are still colts we hope to see you back for 2022.

We were proud to be associated with this outstanding group of young Jeeps men.

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Membership Report

Total membership continued to be impacted by Covid19 compared with previous years. The table below shows membership movements over the past six years. With the success on the field of the most senior teams, and the development of new facilities at Ashgrove, numbers should return to pre-covid levels in 2022.

Year	Supporters	Couples	Senior Players	Junior Players	Total Members
2021	417	175	272	1021	1885
2020	295	145	232	913	1585
2019	457	179	312	1102	2050
2018	475	203	297	1028	2003
2017	531	161	305	1080	2077
2016	462	137	263	1036	1898

In 2021 the 272 Senior Players included 155 Grade, 31 Women and 86 Colts (Under 20)

The 1027 Junior Players include 864 Regular Under Age, 100 Modified Rugby players and 63 "Get into Rugby" players.

The figure for Junior players in previous years only included Under Age players

GPS RUGBY CLUB INC. ANNUAL REPORT 2021

Financial Report

Financially, the Club is in a good position, despite the uncertainty of COVID-19 and we were fortunate not to have any home games cancelled throughout the year.

The main revenue items for the year include:

• player fees	\$225k
• memberships	\$38k
• sponsorship	\$387k
• canteen and merchandise	\$619k
• events and fundraising	\$200k

Sponsorship remains a significant and consistent revenue item for the Club . We believe this level of sponsorship will continue into 2022 and I would like to take this opportunity to personally thank all sponsors for their ongoing support of our Club. GPS Rugby is not just a Club, it's a community and the ongoing support and generosity of our sponsors helps us to build, shape and maintain the family and community spirit from the juniors right through to the seniors.

The canteen rebounded well this year following a disruptive 2019 season. Merchandise sales were up with some great new gear on offer.

GPS remains at the forefront of Brisbane rugby clubs when it comes to staging special events. In 2021, we arranged a Sportsman's Lunch, Ladies Day, Golf Day, Country Races and hosted the Brisbane Rugby semi-finals. Each of these events contributed to income which supports us to be a premier Club on and off the field. Again, I thank the wonderful staff and volunteers who work tirelessly to bring these events to life and for all the members who get behind them.

A grant of \$240,000 was received from the Queensland Government to commence the redevelopment of the Club complex. A further \$2.16M is expected to be received during 2022 as the redevelopment proceeds.

Supporters have offered contributions from their businesses to assist in reducing the construction and fit out costs. Further contributions of fittings and materials, such as paint, electrical items, landscaping, lighting etc, will also assist us to minimise costs meaning we can use the grant proceeds to build the best complex possible to continue supporting our teams and community.

Another Queensland Government grant of \$10,000 was received to assist with COVID-19 impacts. These were used to implement COVID safe practices, and we appreciate the diligence of members to sign in and comply as required.

In 2021, GPS commenced a scholarship scheme for selected under 20 players. This will be funded by donations from benefactors and supporters. The initial bequest of \$100,000 from the estate of Bob Armstrong provided significant impetus to the fund, however further gifts and bequests will consolidate this important attraction to the Club for young players. In 2021, the Club awarded \$20,000 in scholarships as noted earlier in this report.

Special thanks to our Office Manager, Colleen Murphy, for effectively managing the day-to-day running of the Club from a financial perspective, providing monthly updates to the Board, organising events, and ensuring all our suppliers are paid promptly.

David Orr
Treasurer

Auditor's Report

GPS Rugby Club Inc

For the year ended 31 October 2021

Independent Auditors Report to the members of the Association

We have audited the accompanying financial report, being a special purpose financial report, of GPS Rugby Club Inc (the association), which comprises the committee's report, the assets and liabilities statement as at 31 October 2021, the income and expenditure statement for the year then ended, cash flow statement, notes comprising a summary of significant accounting policies and other explanatory information, and the certification by members of the committee on the annual statements giving a true and fair view of the financial position and performance of the association.

Committee's Responsibility for the Financial Report

The committee of GPS Rugby Club Inc is responsible for the preparation and fair presentation of the financial report, and has determined that the basis of preparation described in Note 1 is appropriate to meet the requirements of the Associations Corporations Act 1981 and is appropriate to meet the needs of the members. The committee's responsibility also includes such internal control as the committee determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the association's preparation and fair presentation of the financial report, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial report presents fairly, in all material respects, the financial position of GPS Rugby Club Inc as at 31 October 2021 and (of) its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements, and the requirements of the Associations Corporations Act 1981.

Basis of Accounting and Restriction on Distribution

Without modifying our opinion, we draw attention to Note 1 to the financial statements, which describes the basis of accounting. The financial report has been prepared to assist GPS Rugby Club Inc to meet the requirements of the Associations Corporations Act 1981. As a result, the financial report may not be suitable for another purpose.

Notes to the Financial Statements

GPS Rugby Club Inc

For the year ended 31 October 2021

1. Summary of Significant Accounting Policies

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act of Queensland. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

Impairment of Assets

At the end of each reporting period, the committee reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement.

Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Cash on Hand

Cash on hand includes cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Revenue and Other Income

These notes should be read in conjunction with the attached compilation report.

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

Leases

Leases of PPE, where substantially all the risks and benefits incidental to the ownership of the asset (but not the legal ownership) are transferred to the association, are classified as finance leases.

Finance leases are capitalised by recording an asset and a liability at the lower of the amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for that period.

Leased assets are depreciated on a straight-line basis over the shorter of their estimated useful lives or the lease term. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

Financial Assets

Investments in financial assets are initially recognised at cost, which includes transaction costs, and are subsequently measured at fair value, which is equivalent to their market bid price at the end of the reporting period. Movements in fair value are recognised through an equity reserve.

Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.
